

**Voices of Women, Girls and those with a Cervix:
Future of Health and Wellbeing Services**

**Friday 22 March 2024
2.00pm to 5.00pm**

**The Post Mill Centre
off Market Street, South Normanton
Alfreton, DE55 2EJ**

From puberty, through pregnancy, birth, menopause and beyond, the health needs of **women, girls and those with a cervix** vary throughout their lives. Derby and Derbyshire Integrated Care Board (ICB) and partners are working together to support the **aims** of the [Womens Health Strategy](#) to make sure individuals are as healthy as possible and to reduce inequalities. We want to ensure **that social circumstances are not making it difficult to access services.**

We want to engage with your organisation and listen to how we might improve our health and care system:

How the individuals that you support would like to receive healthcare:

- What currently works?
- What doesn't work?
- How can we improve?

And in particular:

- What are the challenges to accessing healthcare and what would overcome these challenges?
- What are the best ways to engage further with our communities?

This is the second of two workshops being hosted by Derby and Derbyshire Integrated Care Board and Partners to support the local development of Women's Health Hubs. **Click [here](#) to register your attendance at the event. Please feel free to share with relevant partners and colleagues.**

Please note: there may be limited parking so please arrive early or car-share.

Tea/coffee will be provided throughout the afternoon.

We will be using [menti.com](#) for the workshop sessions. This is a presentation-based interactive tool that will allow us to capture live feedback. It can be accessed by a work or personal device and does **not** require you to download or sign up to a service. **To fully take part in the activity please keep in mind that menti requires the use of an internet enabled device, eg Mobile phone, tablet or laptop.** Free Wi-fi is available at the venue and the **menti password will be shared at the event.** (*Flipchart and pens will also be available.*)

Kind regards

Sue Machin
Project Support Officer
Joint and Community Commissioning
