Things to do, places to stay, places to eat

We are aware that there hasn't been an update from this topic for a number of months.

In order to ensure it is utilised fully, it will be re-branded to offer updates on things to do in North East Derbyshire, places to visit for food, shopping and what events are coming up.

We have lots of exciting things to share with you, such as the new North East Derbyshire Food Trail and would love for you to be involved.

Because you didn't originally sign up to receive tourism updates, you will automatically be unsubscribed from this topic. To receive future updates on our exciting new food and drink trail and whats happening over the Spring and Summer, just hit sign up below.

Thank you
