The Youth Hub based at the Quad, Dock Walk, Chesterfield S40 2DQ supports young people aged 16-24 throughout Derbyshire who are NEET to help them find education, employment or training. The Youth Hub was introduced by DWP as a means of preventing the negative impact of the COVID pandemic on young people. Support can be provided in the Hubs or virtually on line via Teams and by telephone.

The service is able to offer tailored, impartial advice and support to young people to help them to find education, employment or training; if the young people are vulnerable and not ready for work, the service can signpost them to other organisations to help meet their needs.

If you would like to make a referral, the [Referral Form](#) needs to be emailed to [youth.hub@derbyshire.gov.uk](mailto:youth.hub@derbyshire.gov.uk)
