The CPD Certification Service

## **Alcohol Awareness and Brief Interventions to Brief Interventions**

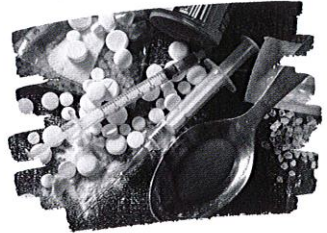

DAAS offers a free 4-hour CPD UK course delivered on MS Teams on problematic alcohol use. The course covers:

- Alcohol unit measurements
- UK alcohol guidelines
- Health risks associated with drinking too much
- Starting conversations and intervening where alcohol is an issue
- How to refer into specialist substance misuse services

## **Substance (Drug) Awareness**

DAAS offers a free 4-hour CPD UK certified course delivered on-line using MS Teams, focusing on substances commonly misused. The course covers:

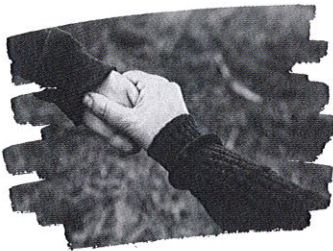

- Identifying the different commonly used drugs
- Classifying drugs into categories (stimulants, depressants, hallucinogens)
- Differentiating between myths and facts about illegal substances
- How to refer clients to specialist substance misuse services

## **Addiction and Interventions in Substance Use**

DAAS offers a free 5-hour course delivered on MS Teams. It is led by experienced trainers and helps you understand and engage with people struggling with addiction. The course covers:

- The effects of addiction to drugs and alcohol
- Identifying the warning signs
- How drugs work and how addiction develops
- Skills and techniques for dealing with addiction challenges.

## **Service Talks - About Derbyshire Recovery Partnership**

We offer short service talks to Derbyshire organisations, which cover the following topics: the services provided by DRP, how to make a referral, and what support may look like.

*The training is funded for Health, social and community staff and other relevant workers within Derbyshire (exc Derby City). It is now possible for staff outside to attend our courses for a small cost.*
