**Subject:** Christmas 2024 Support

Hello,

I hope you are doing well.

I'm putting together listings and finding out more information about Christmas 2024 Support Options that we would like to add to the [Community Mental Health Support Map Derbyshire](#).

I was wondering if you have anything interesting you would like to be added to the map in terms of Christmas Support or if you come across anything you think might be helpful, could you please forward it to me?

Thank you for your time.
