Building Prosperity & Communities

You are cordially invited to our CRT 25 East Midlands celebration event on Thursday 27th February 10am - 2pm.

The event will celebrate 25 years of the Coalfields Regeneration Trust, provide an overview of our new 5 year strategy and showcase some of our members and partners. Above all it will be a celebration of almost 200 member organisations in the region and I would like the event to be positive, uplifting and an opportunity to network face to face; which many members have requested. Most importantly lunch will be provided.

The event will take place at the fabulous Post Mill Centre in South Normanton which has a large carpark onsite <https://postmillcentre.co.uk/> the venue is close to M1 junction 28 and Alfreton train station.

To book, please follow the Trybooking link below. Please note places are limited to **2 people per organisation** in the first instance. If you need more please let me know.

**** As an added bonus, there will be the opportunity to receive **1 of 5 £1,000 grants** but you must be in attendance on the day and complete the **Additional Details** section on the booking form****
