30th October 2019 – Coalfields Regeneration Trust***

5 Ways to Wellbeing Small Grants Scheme 2018/19

Applications up to
£1,500 will be
considered

Derbyshire County Council Public Health Department has set up a Five Ways to Wellbeing Small Grants Scheme which aims to improve the mental wellbeing of people living in Derbyshire by providing community based activities and services that help people access the 'Five Ways to Wellbeing'.

The Five Ways to Wellbeing are **Connect**, **Be Active**, **Take Notice**, **Keep Learning** and **Give**. These are simple things individuals can do in their everyday lives which have been proven to help people's mental wellbeing.

Applications are welcome from voluntary, community or faith groups/organisations delivering services in Bolsover, Chesterfield or North East Derbyshire.

Applications should be returned by 5pm, Friday 8 March 2019.

This grant scheme is administered by Derbyshire Voluntary Action. To request an application pack please contact Derbyshire Voluntary Action.

Masonic Charitable Foundation - Early Years Opportunities Grants Programme – Deadline: 15th April 2019

Grants are available for charities in England and Wales that support disadvantaged and vulnerable children and young people (up the age of 25 years) to overcome the barriers they face in order to achieve the best possible start in life.

There are two funding levels:

- Large grants of between **£10,000** and **£150,000** for up to three years are available to charities with an income exceeding £500,000. The average large grant will range from **£20,000** to **£80,000**. Occasionally, large grants of up to **£150,000** are made for outstanding projects.
- Small grants of between **£500** and **£15,000** are available to charities with an income of under **£500,000**.

All grants can be over one, two, or three years.

SUBWAY/Healthy Heart Grants – Opens on: 28th February 2019

The Healthy Heart Grant scheme provides funding for new, original and innovative projects that actively promote a healthy heart and help to prevent, or reduce, the risk of heart disease in specific groups or communities in the UK.

Projects must run for between six and twelve months and should demonstrate health initiatives such as cooking skills, healthy eating, positive wellbeing and a more active lifestyle, all with a focus on a healthy heart.

The funding rotates around the UK at different times of the year. Community groups, voluntary organisations, charities and other not-for profit organisations based in specified towns and cities can apply when the application window for their region opens.

This is a highly competitive grant scheme as there is a funding pot of £10,000 for each region. Groups can apply for grants ranging from **£1,000** to a maximum grant of **£10,000**.

Curiosity Fund – Final Round – Deadline: 12th April 2019

BBC Children in Need and Wellcome joined together in 2017 to provide the £2.5 million Curiosity fund, which aims to use the power of exciting and engaging science activities to create change for children and young people experiencing disadvantage in the UK.

In this round, the funders are looking for new projects that make a positive difference to the lives of disadvantaged children and young people in the UK through engagement with and participation in science. Organisations that are best suited to apply are those who are excited to learn about the difference science can make and can help others learn too.

Applicants must be able to explain:

- The disadvantage the children and young people with whom they are working experience and how it affects them.
- How their proposed science activities will improve the lives of those who take part, considering the disadvantage described and backing it up with evidence where possible.
- Why the specific science-based activities being planned are well-suited to making these differences.
- How they will identify and measure the differences that they aim to make, drawing on learning from their own work or Round One Curiosity grants.

There are two levels of awards:

- Small grants of up to **£10,000** a year for up to three years.
- Large grants of up to **£40,000** a year for up to three years.

Swimathon Foundation Grants – Deadline: 3rd April 2019

The Swimathon Foundation is offering grants of between **£500** and **£2,500** for innovative and sustainable projects taking place at pools that are participating in Swimathon 2019 and which will help more people participate in and enjoy swimming and to make swimming more accessible.

Organisations including community groups, swimming clubs, senior groups, youth groups, sports clubs, disability charities, scout groups and healthy living groups in the UK can apply.

Applicants must be able to show how the funding will allow them to:

- Introduce people to swimming who would otherwise not swim.
- Increase the frequency that existing swimmers go to the pool.
- Improve the swimming experience for new or existing swimmers.

Tree Council – Community Tree's & Orchard Windfalls

Grants are available for projects that will cost between **£100** and **£700**.

Working through and on behalf of its member organisations, the Tree Council aims to create an awareness of the value of trees and of the need for more trees and their better management. It uses every opportunity to inform people about trees, to alert them to national tree problems and to seek solutions.

Any applications where the £700 limit is exceeded will automatically be discounted, even if funds are available from another source to cover the excess. If the cost of the planned project is likely to exceed the £700 limit, the Council suggests that a specific section of the project is separated out to stand alone and that a funding application is made for that part.
